TAROT AND CARD READINGS

WHAT IS IT?

Card Reading is an ancient form of developing intuition, connecting you to universal information through the cards' guidances of images, words, positions and more. We are naturally connected to Spirit, but do not always have the ability to bring the messages through clearly. This workshop is designed to help you start, grow and expand your connection to your universal library of guidance.

ABOUT ME

Shannon

I always knew as a child that there must be so much more to life than i was told and shown. I spent my life discovering my unique abilities without much guidance or support. This was the greatest gift of Spirit. Card Reading was my first step in being able to understand my experiences, and to create some form of direction on how to handle them. I am going to teach you to do the same, by helping you create YOUR picture.
